THESE RATES REMAIN IN EFFECT UNTIL AN AMENDED TARIFF IS FILED. ANY INCREASE IN RATES WILL TAKE EFFECT ON THE ANNIVERSARY DATE OF DEPOSIT. THIS TARIFF IS TO REMAIN POSTED FOR ONE YEAR AFTER AN AMENDED TARIFF HAS BEEN FILED.

TARIFF PREPARATION INSTRUCTIONS

Complete the form to show the storage rates you wish to charge. Leave the tariff number and effective date blank. These items will be filled in by the bureau office. If you desire a certain effective date, attach a note that specifies the date desired. The effective date cannot be prior to the date we receive your amended tariff.

Note that the tariff form lists storage rates in cents per bushel, not dollars. Please use care in placing your decimal points. (For example, a storage rate which approximates 2½ cents per bushel per month is a rate of .083 cents per bushel per day, not .00083)

The form contains statements regarding the receiving and loadout charges. These conditions have been customary in the grain trade, but are not, however, required by the warehouse law. If you desire different conditions, you may strike out these statements.

If you have supplemental tariffs, be advised that filing a new tariff will automatically supersede all the supplemental tariffs in effect now. If you wish for supplemental tariffs to continue in effect, it will be necessary for you to refile them.

Return the completed, signed, tariff to this office **along with a check for \$10.00** to cover the amendment fee. A file stamped copy will be returned to you.
